Affordable Housing: Submitted by Arielle Faria:

The Affordable Housing Committee held one meeting in the month of March. At the March 30, 2021 meeting Co-Chair Julie Fay and Laura Silber (Coalition Coordinator) of the Coalition to Create a Martha's Vineyard Housing Bank Presented what their organization were working to accomplish. Also at this meeting, consultants Ann Silverman and Kate Casa made a presentation of the current draft of the Meshacket Request for Proposals and would send it along to town counsel after the Committee approved of the current draft.

The Katama Farm Stewardship Committee met twice in March, released the RFP's for the farming and education portions of the farm, and held a public viewing of the property.

The volume of office and in the field work continues to grow with the coming of spring and an increase in building and other activities in the Commission's jurisdiction. The Commission's Agent continues to run and coordinate all activities relative to the Katama Farm Stewardship Committee. This work has taken up most of the Agent's time leaving little if any time for routine review of ongoing projects, enforcement issues and the two grants being administered by this office. The MVP Town of Edgartown Climate Change Vulnerability and Adaptation Planning Study with the Woods Hole Group will be coming to an end soon. The grant from Mass. Coastal Zone Management for the plans and permitting to relocate the Left Fork Bath House at South Beach and restore the dunes is also almost completed. The Town will need funding to construct the project if we are successful in securing a grant for the project. The Town's match is 25% and in kind services.

The month of March 2021 brought changes to focus of the ECOA staff. The local Covid-19 vaccination program expanded to include those adults 65 years of age and older, and our meals program made a change towards re-opening. We made the decision to cut back on deliveries to people who are not homebound and offer a pick-up option for those older adults who are able to come to the Center to pick up their meals in a

no-contact manner. There is no change in service to those people who are homebound, and we currently have four volunteer drivers who supply those delivery routes.

Our outreach workers were able to help multiple residents get connected to fuel assistance from special programs that are available during Covid-19. Our staff found that these generous programs were able to meet the needs of the residents in a fast and effective manner.

Funds from the Massachusetts Food Infrastructure and Security Grant were released to the ECOA in March. As a result, we were able to purchase an upright freezer, which will allow our cook to accept donations of food from local fishing groups and farms and store the items for future use. It will also allow us to accept more products from the Greater Boston Food Bank to be able to share with our most vulnerable residents. We plan to purchase other kitchen items to support our food program from this grant funding

Energy Committee: Submitted by Alan Strahler:

- On March 2, Committee Member Jack Ensor and Chair Alan Strahler met with Town Administrator James Hagerty and consultant Beth Greenblatt to discuss the way forward for a solar photovoltaic power project on the closed landfill off Meshacket Road.
- On Monday March 8, the Town submitted an application to the Mass Electric Vehicle Incentive Program Direct Current Fast Charger Program, requesting \$42,045 for a DC fast charger and associated costs of installation.
- Alan attended a virtual meeting of the Cape Light Compact Board on March 10 as Edgartown's Board Member.
- On March 10 and 31, Alan attended virtual meetings of the town's Master Plan Committee as an interested party. It should be noted that Jack is a member of that committee and also attended.
- On March 18, the Energy Committee met via Zoom. Topics discussed included (1) energy audits and resulting energy conservation measures for Town buildings; (2) status of the effort to prepare for the application of Edgartown to join the Green Communities program, including acquiring data for the FY 2020 municipal energy baseline; (3) helping the Town move forward on solar energy projects; (4) obtaining public electric vehicle charging facilities for the Town; and (5) possible committee pages on the Town website and Facebook. The Committee also discussed the question of whether or not Cape Light Compact should allow commercial clients with diesel generators to participate in the Clean Peak program. The Committee resolved by unanimous motion to advise that the Compact only accept power from battery storage.
- On March 22, Alan submitted to Rise Engineering seven signed agreements for energy conservation measures to be carried out at town buildings. The cost of the work to be performed, \$16,890.00, is fully covered by incentives from Cape Light Compact, and is expected to produce \$6,876.00 in annual savings to the Town.
- On March 26, Jack and Alan met again with James and consultant Beth to lay out a schedule for proceeding on the solar project.

- A Public Hearing to consider a request for a SPECIAL PERMIT at 55 NORTH NECK ROAD (18-50) to install a 17' x 56' swimming pool, including all landscaping and utility work required, on a conforming lot in the Coastal District. Continued to April 6.
- A Public Hearing to consider a request for a SPECIAL PERMIT at 11 EARL AVENUE (11A-409) to remove an existing dwelling and rebuild a new dwelling of similar capacity and size; to replace an existing cesspool; to install a fiberglass swimming pool and deck. Approved.

Zoning Bylaw Amendments:

The Planning Board worked with various Town Boards to modify its proposal to amend the Cape Pogue DCPC Zoning Bylaw, after receiving comment and input from the MV Commission. Ultimately, the MV Commission approved the Planning Board's proposed language, with a minor amendment clarifying the authority of the "rule-making group" to make rules "in relation to conservation and recreation".

The Planning Board's zoning bylaw amendments will be taken up by Town Meeting in May.

All Island Planning Board

Board members participated in an All Island Planning Board Retreat on March 20. Topics of discussion included comparison of accomplishments and challenges faced by the various towns, areas of common interest and concern, and areas where towns could work together for the common benefit. Future All-Island meetings will be scheduled.

Master Plan Steering Committee

The Master Plan Steering Committee continued its work in March, including a presentation on March 10 by Ralph Wilmer, from the Metropolitan Area Planning Council, entitled "Master Planning for the Citizen Planner". The presentation was open to all island planners, and the general public, and was generally well attended and well received.

The Steering Committee also met on March 31. Nominations of Executive Committee Members, and a potential new member of the Steering Committee, were forwarded to the Planning Board for review. The Steering Committee will meet again on April 13.

As always, the Planning Board welcomes input from Town boards, committees and residents on all matters.

Wastewater Department: Submitted by William Burke:

Chief Operators Report, March 2021.

Flow for March 2021 was 3,580,557 gal. Effluent flow was 5,371,302 gal for March 2021. Total N was 2.58 mg/L and 1.79 mg/L for a monthly average of 2.19 mg/L reported to DEP. Septage for the month was 35,116 gallons.

- Tues 2 – Perform Wells quarterly sampling.
- Wed 3 – Fill secondary #2 for MLSS reduction process. Perform quarterly lab sampling. Perform 1st fecal coliform sample. Meet with Shane Tank to review a proposal to the WW Commission. Send DEP report.
- Fri 5 – Send information requested to engineers for Green Home project review.
- Tues-Thurs 9-11 – Collection system training and certification for all operators.
- Mon 15 – perform 2nd fecal coliform sample. Repair #2 and #3 WAS pumps in post treatment building.
- Tues 16 – Perform 2nd monthly lab sample.
- Wed 17 – Meet with engineers about Green Home proposal to WW Commission. Send quarterly sludge report to Synagro.
- Thurs 18 – Waste sludge from Secondary #2 for MLSS reduction process.
- Fri 19 – RAS supernatant from Secondary #2 to empty it.
- Mon 29 – Inspect Morning Glory Farm triplex system startup – piping joints leaking during bump test, shut down system and installer will repair piping. Gather and send information to Kelley House engineer for potential future proposal to WW Commission.
- Wed 31 – Inspect Morning Glory startup – piping still leaks, shut down startup and installer will replace all discharge piping. Coordinate sludge container repair with Waste Management.

On site progress monitoring of Chase Rd and Dunham Rd station upgrades continued daily throughout March. All operation staff were involved with and integral to the progress monitoring and over site of the station upgrades.

Water Department: Submitted by William Chapman:

Operational Report March 2021

- Winter maintenance of the pumping stations was completed.
- The Annual Statistical Report for the Water Department has been submitted to MassDEP. Historically, the unaccounted water of the distribution system has revealed an annual decrease. This is mainly due to system oversight and diligent operation. In 2020, our unaccounted water was 4%, one of the lowest in the state.
- Due to our sampling practices and past analytical results, we were granted several waivers to our sampling schedule. The result being a reduction in analytical expenses for the Water Department.
