Update by Alyssa

Since our budget expenses are fixed, she presented a simple chart of revenue for 2019, 2020, 2021. Easy to understand.

James met with Chris last Friday. Hangar door is a priority – need to be operational asap. As soon as it is operational the trench drain will be put in place. Chris is evaluating his work schedule and it looks like completion by March 2022.

Propane will be brought to the building and water (by the Town) – then Chris is responsible to install both in the hangar.

Bill suggested contacting Rymes propane – they are airport people – give them an opportunity to bid. Alyssa will follow up.

Restaurant is closed now – they seem to be pleased with the season

Next meeting November 4, 2021

Meeting adjourned at 9:08 – Peter made the motion, Bill 2nd, all in favor
