Edgartown Parks Commissioners Issue Swim Advisory for Norton Point and South Beach

Edgartown, Mass. – The Town of Edgartown Parks Commissioners have issued a swim advisory for Norton Point and South Beach following the confirmed sighting of small fragments and pieces washing ashore due to the recent Vineyard Wind incident. This advisory is a precautionary measure to ensure public safety.

A determination regarding the potential full closure of these beaches will be made based on ongoing assessments of current and future conditions.

We urge members of the public and property owners who discover debris to immediately contact the Edgartown Parks Department. Your cooperation is essential in maintaining the safety and cleanliness of our beaches.
