

Board of Fire Engineers  
Tuesday, October 8, 2013

Present:  
Chief Peter Shemeth  
Scott Ellis  
Charlie Smith

Meeting started at 4:03p.m.

Read and approved meeting minutes from 9/10

Signed payroll and reviewed YTD budget.

OLD BUSINESS

- Overhead Door said they can fix it for \$400. They've already done this and we shouldn't just keep spending the money for a temporary fix.
- Back up cameras for the trucks have been ordered
- The Department T-shirt design was looked at and agreed on. These will be only for Department Personnel
- Scott hasn't heard anything from Adam about ordering a lap top. He'll give him a call to see what the status is.

NEW BUSINESS

- The Bid for the tanker came in and the KME was significantly less. The Selectmen accepted the bid for KME based on the Chief's recommendation. We can also get pre-payment discounts for both the tanker and pumper.

Meeting adjourned at 4:25pm
